

WE MAKE IT SIMPLE FOR YOU.

ERC Abay-abay Customs Brokerage is the bridge between shippers, the Philippine Bureau of Customs, and your clients. We let you take control of your imports and exports by streamlining the customs brokerage process, saving you valuable time and money. With our vast network, we are able to provide fast and easy customs clearance through the various ports in the Philippines, primarily in Cebu, and in other areas such as Manila, Davao, and Cagayan de Oro. Our brokers go the extra mile to ensure your goods are cleared, delivered, and in your hands as soon as possible. We make it simple for you!

Why Use a Customs Broker?

Savings

Customs Brokers provide customs clearance service by evaluating over 500 pages of Customs Regulations with thousands of tariffs and concessions, saving you time and money.

Speed

Customs Brokers provide assistance to importers and exporters with expert customs documentation and in assigning shipments the best possible route, avoiding unnecessary delays.

Expertise

We liaise with the Philippine Bureau of Customs concerning the entry and admissibility of goods by reason of its importation, or the refund, rebate, and drawback. Our years of experience assures an unmatched customs clearance experience.

Ease

Just fill-out simple forms, and the Customs Broker will do the rest.

Who We Are

ERC Abay-abay Customs Brokerage is a duly accredited and authorized Customs Brokerage firm with the Philippine Bureau of Customs. The company's operational team is headed by **Mr. Emman Reyán C. Abay-abay**, a licensed customs broker with vast experience stemmed from customs broking since the 1990's from his father and his firm, Mr. Leonardo R. Abay-abay of LRA Customs Brokerage.

We have a dedicated team who understands the import and export industry and thinks outside the box. We partner with businesses from various industries in managing all aspects of international trade; ensuring goods reach its destination on time and in good condition.

ERC Abay-abay Customs Brokerage prides itself on delivering excellent results and customer service. From start to finish of the customs clearance process, the same Customs Broker who evaluates, classifies, and generates your entry will also get in touch with you to personally explain why they have applied the specific customs tariffs, concessions, valuation and relevant legislation to your consignment. Our team will seek the best available option for our clients, while taking into consideration the overall responsibility to government regulations and audit processes.
